Hi Sikha,

I do not have much leave available in my bucket, so I am requesting a work-from-home exception due to my medical condition. I believe this is a valid reason for an exemption just for this month.
Thank you for understanding.

Regards
Shubham Chaturvedi.

Subject: WFO - Exemption

Hi Pracil,

As discussed on chat, I have been diagnosed with plantar fasciitis, which causes intense and debilitating pain in my heel. The pain is particularly severe when I walk and after sitting for a long period. I am currently under medication to manage the pain and inflammation.

Could we make a WFO exception for this month? From next month, I will resume coming to the office.
